

We are a not-for-profit organization that was started in September 1998 and we are members of the Ontario Volleyball Association. We provide opportunities for youth to learn and play both Indoor and Beach Volleyball. We have “Competitive” programs for boys and girls from age 11 to 18 and “Participation” programs for the 3 to 15 age group.

Storm Volleyball is always looking for partners who can help with sponsorship funds and/or related products or services that would help us improve and expand our Youth Programs. Our competitive teams travel around the province to play in tournaments from October to May and some age divisions finish with a National Championship which could be anywhere in the country.

We are looking for assistance to help contribute to the always rising costs of running quality programs and the costs of traveling. We have also established a fund that is available to help the less fortunate athletes who need financial assistance. Some need help to cover the costs of participating in our programs and others need help covering the costs of being chosen to attend Elite programs at the Provincial or National level.

Storm Volleyball will post a "Thank you" announcement on our website with your name, logo and any other info you would like us to include. We will also include you in the Sponsor's section of our website where we can also include a link to your website.

As one of our sponsors or partners we would like to build an ongoing relationship with you. We are willing to discuss all suggestions you might have that would benefit us both.

If you can assist by writing a cheque, please make it payable to “Storm Volleyball”. Any type of assistance would be greatly appreciated.

If you have any questions, please do not hesitate to contact me.

Thank you

*B. Stafford*
